This year we have asked for more personal details to enable us better to get a feel for your ages, to improve our ability to communicate with you, and to check our data base integrity.

Many thanks for your continued support, please encourage colleagues who are or will be BA pensioners and who are not yet ABAP members to consider again joining our ranks.

May I please ask you all to use the internet whenever possible, it is faster and costs less than the postal service for everyone, though we are very happy to contact you by any means possible.
